LASER HAIR REMOVAL

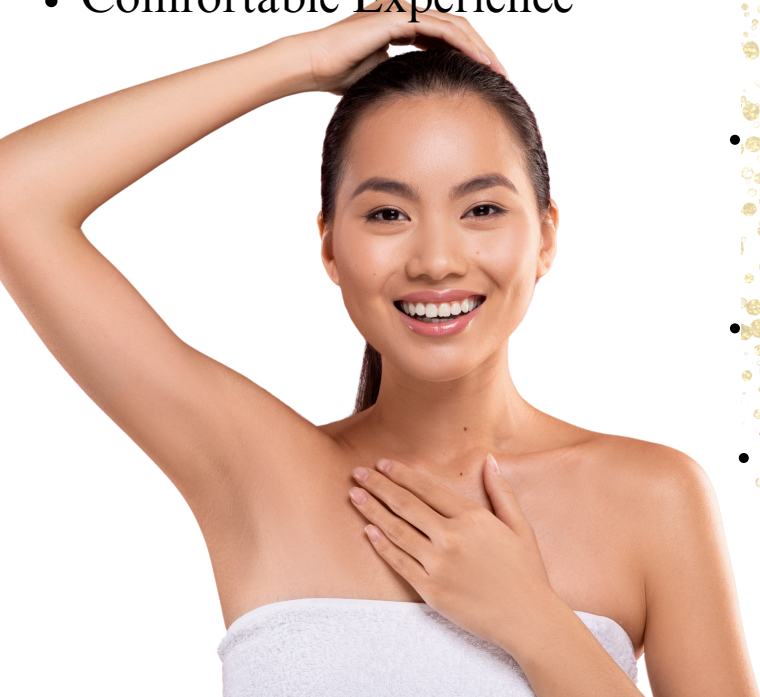

**ELITE SMOOTH PRO DIODE
LASER HAIR REMOVAL
WITH 4 WAVELENGTHS**

www.starthreadingsalon.com

BENEFITS:

- Permanent Hair Reduction
- Smoother Skin
- Faster Hair Regrowth Cycles
- Even Skin Tone
- Minimal Ingrown Hairs
- Long-Term Results
- Safe Treatment for Various Skin Types
- Comfortable Experience

IT HAS 4 WAVELENGTHS

- **755nm** - Targets melanin in the hair follicle, making it effective for fine, light hair and light skin tones.
- **810nm** - Penetrates deeper into the skin, ideal for medium to coarse hair and medium to dark skin types.
- **940nm** - Offers a deeper penetration for thicker hair and darker skin tones.
- **1064nm** - Provides the deepest penetration, making it effective for dark skin tones and thicker hair.
